BOMBARDIER **LEARJET 60XR**

■ **Superior Range**

- With seats full, the LEARJET 60XR is capable of flying to destinations over 2,200 nautical miles. (6 passengers, ISA conditions, NBAA 100nm reserves)

■ **Superior Performance**

- Full efficiency and low maintenance costs combine to save LEARJET 60XR owners on every nautical mile flown.
- The LEARJET 60XR's rocket like climb jets passengers to altitude in less than 20 minutes.
- With an operating ceiling of 51,000 ft., the LEARJET 60XR has the ability to cruise above the weather and congested airways found at lower altitudes.

■ **Superior Comfort**

- Elegantly-appointed and functionally-designed, the spacious stand-up cabin in the LEARJET 60XR accommodates more of what corporate travelers appreciate on long flights.
